

Lajes Maciças

As fôrmas têm 60x120cm e 60x60cm. A Atex entrega os módulos na obra previamente conectados em placas de 120x120cm. Os outros formatos disponíveis são 15x60cm e 5x60cm para melhor aproveitamento da área e execução das interfaces com a madeira, quando necessárias.

Vigas

As fôrmas para viga fazem uma interface perfeita com as fôrmas para laje maciça.

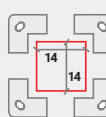

Pilares

A partir do formato 14x14cm, os pilares podem ser acrescidos por múltiplos de 5 em todas as direções para formar diferentes geometrias.
